 Halifax, NS

I am a 2nd year student in my final semester at Nova Scotia Community College for the IT Programming Diploma course and am currently searching for full-time employment. I am a Canadian citizen and am prepared to work either remotely or in person.

TECHNICAL SKILLS

- Programming in Python, Java, C#, C++;
- Database management;
- Web development in HTML and CSS, PHP, and JavaScript;
- Creating and maintaining networks;
- Windows and Linux administration

EXPERIENCE:

Mac Mac & Mac Law Offices - Pictou, NS

Full time Administrative Assistant

May 2017 – August 2019

Responsibilities included:

- Creating and submitting billing statements
- In-house IT support
- Organizing client files
- Making all in-person banking transactions
- Creating legal documents
- Typing dictated emails

I was able to rearrange the computer filing system from employee-based folders to client-based folders which allowed it to be easier for different employees to work on the same client folders while knowing where all the relevant files and information are.

MacLean & MacDonald,

Barristers and Solicitors - Pictou, NS

Part time Administrative Assistant - Summers 2012-16

Responsibilities included:

- Typing dictated emails
- Organizing client files
- Typing parcel descriptions
- Yard maintenance.

I was also responsible for making all in-person banking transactions for the branch which primarily dealt in real estate. During my time as an Administrative Assistant I was responsible for millions of dollars in transactions while never having been responsible for loss of money.

OTHER SKILLS

Multi-tasking

As an Administrative Assistant I was responsible for working on multiple client folders at a time while ensuring that everything was completed on deadline. At the same time I was also responsible for any initial IT support so I had to be ready to help others while in the middle of my work

Communication (written and verbal)

As an Administrative Assistant I was responsible for typing dictated emails from the lawyer and occasionally creating them from scratch. I was required to make sure that they were professional in format and content while getting the message across.
